BAY ST. LOUIS, MISS., FRIDAY, MARCH 7, 1930.

THIRTY-NINTH YEAR No. 10.

SUBSCRIPTION \$2.00 PER YEAR—ALWAYS IN ADVANCE.

### COUNTY TO CONSTRUCT LINE FENCE

Bids For Building Of Wire Fence at Mississippi-Louisiana Line Ordered Advertiser.

The Hancock County Board of Supervisors at the March meeting ordered bids advertised for the construction of a wire fence at the county line, which is also the state line between Mississippi and Louisiana a distance of about 11 miles, the bids returnable at the April meeting, at which time contracts for the fence will be let. This is a state and federal project and is part of the tick eradication program of the state. The state will pay for the fence but the contract is to be let through the county, it was explained.

Dr. H. C. Berger, federal veterinarian in charge of tick eradication in Hancock county, was present at the board meeting explaining this matter and asking that the bids be advertised by the board for the fence.

The greater portion of the board meeting was taken up in routine matters, allowing bills and salaries. An executive session of the board was held preceding adjournment.

### STANISLAUS COLLEGE ECHOES

Annual Mardi Gras Dance. The sixth annual Mardi Gras dance sponsored by the senior class of St. Stanislaus went over with a bang. Guests from all along the Coast were entertained by the Class of 1930 in what was probably the most successful and best attended Carnival Dance yet given.

The feature of the program was a balloon dance in which each girl wore a balloon tied about her ankle. The object was to keep from having the balloon burst during the dance. The couple accomplishing this was Miss Yvonne Lacoste and George I. Lout to whom the prizes of a scarf and cigarette lighter were awarded respectively.

Another prize was given to the girl dancing with a boy picked out before the dance as "Lucky Boy." The "Lucky Boy" was none other than our hero Luke Sauter; the chief reason why he was lucky is because he happened to be dancing with one Miss Loretta Smith during the designated dance. Miss Smith, the scene with his famous "Is Everybody Happy?" and received the prize while Luke stood by and blushed very modestly.

All announcing awards were carried off by Dick O'Leary. Whenever there was an announcement to make Dick was on hand; and these announcements were frequently himself for a future "box" career.

The music was furnished cheerfully and well by Brother Oliver and his jazzmen. Arrangements for the affair were capably taken care of by Alonzo Gasque, president of the class. Had Ted Lewis burst upon the scene with his famous "Is Everybody Happy?" the "yes" would have had it unanimously.

**Express Appreciation.** The Class of 1930 wishes to take this opportunity of expressing its appreciation to the ladies, Mrs. Power, Mrs. Partridge and Mrs. Fendene for helping to make the affair a success by serving the refreshments.

There are some advantages to sore throats and one of these happened to be an honest-to-goodness candy brought to the College boys by two S. J. A. girls, Miss Emmy Weiss and Miss Mary Elizabeth Schlogel, in appreciation for our cheering.

**Annual Bazaar Sunday.** The annual bazaar will take place Sunday. Everyone is familiar with the idea of the bazaar.

We believe we have the best team to have ever represented St. Stanislaus. Much will be expected of them. We hope for much. We feel at our team can accomplish this through the cooperation of our friends. Let's all come out to the Gym Sunday. We promise to make the time entertaining as possible. There will be chances for every one. Some time in the evening the boys will put on vaudeville acts of which the following have been finally selected:

1. Harmonica Trio, Jno. Garst, Chas. O'Brien, Falcetta.
2. Novelty Song and Music, S. Ballard, R. Camora.
3. Banjo solo and songs, Stanley Keyes.
4. Recitation, Dominic Genard.
5. S. S. C. Serenaders and Glee Club.

**Sociality Meeting.** The Sociality Meeting for Saturday will be in charge of Dick O'Leary and his committee. We are in store for a very interesting meeting.

### THE RUBIAT OF A STUDENT

A book of numbers—I saw a pencil and a label Oh that could you but see me in my silliness

### PEOPLES BUILDING AND LOAN ASSOCIATION ELECTS FOR NEW YEAR.

Regular Annual Meeting of Stockholders — Dividend Of Seven Per Cent Declared.

Regular annual meeting of the stockholders of the Peoples Building and Loan Association was held Monday afternoon at the offices of the Association in the Masonic Building. Secretary J. A. Breath read the annual report which showed business for the year far in excess of the previous year, an evidence of constant success. This, too, is best attested to by the recent publication of the annual statement, as made to the State Auditor's office at Jackson.

Stockholders elected the following named directors for the new year: J. A. Breath, F. H. Egloff, A. G. Favre, Sylvan J. Ladner, C. G. Moreau, John Osinach, George R. Rea. In turn the directors elected C. G. Moreau, president; John Osinach, vice president; George R. Rea, treasurer; John A. Breath, secretary. Judge Breath serving as secretary since June, 1929, consecutively for thirty-six years.

A dividend of 7 per cent was declared payable to all stockholders, to installment shareholders and to holders of paid-up stock.

The association has been very active the past year and it was expressed greater activity was hoped for for the new fiscal year.

On silliness were paradise and how!

Some make a hundred and ten and some high marks they get quite glum. Oh! take it easy and let the low marks go. Nor heed your teacher if you be dumb.

I sometimes think that school is never so dead.

As in Latin class where Caesar is read That every word we have to parse Wrote in that book by some once sore head.

Into the classroom the why not knowing Nor what like a Cock still shrilly crowing, And out of it in plenty haste I know not where; but I'm going.

For "Is" and "Is-not" through with rule and line "Up-and-down" by nonsense I refine.

If all that one should care to worry, Why I never care about anything but Time.

Ah, but my computations they say, Deduced the problem to a terrible reckoning? Nay;

'Twas only coping from the answers The right answer; but the wrong way.

The answer a chorus makes of yeas But here and there as writes the teacher goes;

And he that took five off for bum home work He knows all about it. Oh yes, he knows.

Ah—much as school has been a hell And stole my sense of humor—well I often wonder where the teachers buy.

One half so precious as the sense they sell.

You foolish boy that studies without How oft hereafter will he blush for shame;

How oft hereafter will he cuss In this same school land and all in vain.

**Spic And Span Would Like To Know** Who had the best job during the tournament?

What's ailing "Tuga?" Why Leche enjoyed the Biloxi girls? Why Brandt waited until now to fall? Who B. Blaise is trying to forget? Why we hear everyone talking about "Skeets?"

Why Buster hated Tuesday to some? Why Kidd was such a loyal rooter? Why Wacheler couldn't sit still during the tournament?

Who can Guenard be dreaming about? How many dates Wolf and Dalton made?

Where Grevenburg could go in order to please the public? Why Judlin is called "The Lady's Man?"

Why "Cotton" and Jacobs are trying to see who can learn the business first?

**Tourney Officials.** And while the Gulf Coast Regional tournament subject is still being aired here and there we wish to step in for a word or so concerning the officiating of the games.

Chas. O'Brien, A. G. M. product, a Mississippi A. & M. product, and for the past several years coach at Stanislaus, and Brother Vincent worked the boys' games while Mrs. A. D. Warner and I. A. Rexinger, Mississippi City coach, alternated with the girls contests.

To commend Perkins and Vincent for their work in officiating all of the boys games would be too small a reward for the effort the two men put forth towards making the tournament success. All told they were assigned to working nineteen engagements, six of which came in a row Saturday morning and afternoon while they called three more before

### NATIONAL REPRESENTATIVE OF CHAMBER OF COMMERCE TO SPEAK IN BAY CITY MONDAY P. M.

Bay St. Louis Body Will Entertain at Banquet to Members and a Few Guests On Occasion of Address by Gardner S. Rogers—To Be Outstanding Event of Civic Spirit And Doing.—Many Prominent Business Men and Other Citizens to Be Present.

### PLEASANT VISIT TO IRELAND

Rev. Patrick McAlpin Returns From Four Months Visit to Former Home.

Rev. Patrick McAlpin, assistant pastor of Our Lady of the Gulf Catholic church, Bay St. Louis, returned March 1 from a delightful visit to his home at Galway, Ireland. He sailed from New York November 2, landing at Queenstown, Ireland, then went to his home in Galway where he visited his brother and sister, and his uncle, Monsignor Patrick McAlpin, a priest for whom Rev. McAlpin came to this country four years ago his father has died.

Conditions are considerably improved in Ireland since he was there four years ago, Rev. McAlpin said. "Of course, the failure of the stock market in the United States affected Ireland as it did all parts of the world, but even so, conditions are better than when I left four years ago," he said.

This was purely a vacation visit to Ireland and Rev. McAlpin spent his time visiting his relatives and viewing many historic and interesting places and sights. The weather was quite cold the greater part of the time while he was in Ireland. He sailed from Galway February 9, landing in New York February 19. En route home pleasant visits were made at New York, Philadelphia and Washington. Rev. McAlpin states that he is delighted to be back "home," he loves Bay St. Louis and it feels like home to him and his joy in greeting his friends here expresses the four years of his residence in the United States, all but two months have been spent in Bay St. Louis, the other two months having been at Natchez.

### COMMERCE BODY MONTHLY MEETING

The regular monthly meeting of the Bay St. Louis Chamber of Commerce was held Monday night with a somewhat smaller attendance than usual due to the Mardi Gras season.

Plans were announced for the membership banquet meeting Monday night, March 10, when Gardner S. Rogers will be the speaker. An executive board meeting held previous to the general meeting of the banquet were discussed, as at a former meeting the banquet had been turned over to the executive board.

Dr. C. M. Shipp won the \$2.50 gold piece, the attendance prize awarded by President Geo. R. Rea.

The curtain was let down on the tournament late Saturday night. And Mrs. Warner and Mr. Rexinger, in the girls' games, handled the affairs to the satisfaction of every one concerned. Sportsmanship was shown by the contesting players throughout the three days of playing and not once were the officials troubled with spoken disapproval or a decision by either a player or coach.

**Tourney Scoring.** As for individual scoring in the tournament Louis Hood took off the honors with a mere total of 79 points. The Biloxi center was assisted much by his parade of 17 field baskets and four foul ringers in the Fernwood game but nevertheless he scored them.

In the mass of points Hood scored he had 35 field goals and nine foul counters and had only three fouls called against him in the five games. He scored 17 points in the Fernwood game and 48 points.

Then to Brown's misfortune he played in only three games before his team was eliminated. Brown scored 21 field goals and six foul baskets, having five fouls called against him. He rung up twelve of his field goals and one of his foul markers in his first game against Long Beach.

Bert Wilburn, Gulfport center, was third in the rating with 44 points and was Wilburn that assisted the Fernwood game and six foul points with a score of 19.

Long Beach, Gulfport center, was third in the rating with 44 points and was Wilburn that assisted the Fernwood game and six foul points with a score of 19.

Long Beach, Gulfport center, was third in the rating with 44 points and was Wilburn that assisted the Fernwood game and six foul points with a score of 19.

Long Beach, Gulfport center, was third in the rating with 44 points and was Wilburn that assisted the Fernwood game and six foul points with a score of 19.

Long Beach, Gulfport center, was third in the rating with 44 points and was Wilburn that assisted the Fernwood game and six foul points with a score of 19.

Long Beach, Gulfport center, was third in the rating with 44 points and was Wilburn that assisted the Fernwood game and six foul points with a score of 19.

Long Beach, Gulfport center, was third in the rating with 44 points and was Wilburn that assisted the Fernwood game and six foul points with a score of 19.

Methods by which a city may control its development and shape its growth to meet present and future needs will be explained by Gardner S. Rogers, Assistant Manager of the Civic Development Department of the Chamber of Commerce of the United States in Bay St. Louis Monday night at a banquet to members of the local Chamber of Commerce and guests.

During Mr. Rogers' fifteen years experience in municipal work, he has served in the capacity of city planner, designer of parks and playgrounds and consultant on zoning, traffic and other municipal problems, for cities in all parts of the country, and he will have much to tell of interest to Bay St. Louis.

As assistant manager of the Civic Development Department of the National Chamber he has kept at the forefront of the rapidly growing movement of systematic development

GARDNER S. ROGERS, Assistant Manager, Civic Development Department, Chamber of Commerce of the United States.

and improvement of cities from the small town to the large metropolis. This is not a new science. Some of the oldest cities in the country, notably Washington, were built according to a definite plan. But the procedure for putting a plan, commensurate with a city's financial status, into effect on the ground, is new and generally conceded to be the most difficult part of municipal development. The difficulties experienced by municipalities from this point of view.

President George R. Rea and others of the local organization procured the services of Mr. Rogers with much difficulty as he is slated on this trip to address only ten cities in the entire South.

Invitation to be present will be well repaid for their presence.

**To Be Held At Hotel Weston.** The dinner will be held at the Hotel Weston where the affable manager, Waldo Otis and Mrs. W. L. Bourgeois, caterer, have planned to serve a tempting repast in pleasing surroundings, happily suited to the occasion.

The banquet and address will easily be the outstanding event of civic spirit and doing.

### PARENT-TEACHER MEETING

Hancock County Association Will Convene at Bay High School Saturday, 9:45 A. M.

All is in readiness for the meeting Saturday of the Hancock County Parent-Teachers Association which will convene at the Central High school, Bay St. Louis, with the Central Parent-Teachers Association as hostess for the all-day meet.

An interesting program has been arranged under the direction of the county chairman, Mrs. C. C. McDonald. The program will begin at 9:45 a. m. and will close about 3 p. m.

Lunch will be served at noon at the school, Miss Rebecca Nelson and her high school home science class cooperating with the hospitality committee of the P. T. A. to serve the lunch.

A banner will be awarded to the P. T. A. having the largest attendance for the county convention.

### HOW COULD YOU, BRO. SULLENS?

The Jackson News gravely observes: One reason why the legislature should quit taking week-end recesses from Friday until Monday is

### BAY K. OF C. INITIATES CLASS OF 50

Our Two Hundred Members Attend Exemplification of Degrees

Some two hundred members of various Knights of Columbus councils from along the Gulf Coast attended the ceremonies Sunday incidental to the initiation of a class of fifty candidates, ten of whom were from the Bay-Waveland district.

Opening the program of the day high mass was celebrated at the church of Our Lady of the Gulf with Rev. Father A. J. Gmelch officiating. Rev. Leo Fahey delivered the special sermon for the occasion. Candidates and local members as well as the visiting K. Cs. marched from the K. C. home in Main street and back, after mass led by a band of music. A collation was served at the home before the class and degree teams assembled at the courthouse for the initiation exercises of the day.

The degree team, conferring three degrees in one day, was that of the Santa Maria Council No. 1724, of Algiers, La.

Candidates from the local Catholic communities of Waveland and Bay St. Louis were John P. Shiro, John A. Scalfie, Cornelius R. Herlihy, Michel J. Benigno, John J. Ladner, Theo Tudury, Emile M. Perre, Harry C. Glover, Jr., O. M. Villere, Reginald N. Blaize, Jr. The other forty were from various Coast localities.

In addition to other distinguished officers from away was District Deputy Jay Shoen, of New Orleans, who was in charge.

The ceremonies of the day and general initiatory exercises were held in Bay St. Louis under the auspices of Pere Leduc Council K. C. No. 1522, of which Arthur A. Scalfie is grand knight and Norton Haas, deputy grand knight.

Ideal weather prevailed and the visitors were doubly welcomed by local hospitality and abundant sunshine.

### GEORGE J. TOCA LOSES BROTHER.

Lionel Toca, native of New Orleans, aged 39 years, died in that city Sunday from a brief illness of pneumonia. He is survived by his widow and five children, the youngest a few months old.

In addition to the immediate family, the deceased is survived by two brothers, Geo. J. Toca of Bay St. Louis, James Toca, and two sisters, Mrs. Nita Webb and Mrs. Marcot. He was a valued associate of the firm of Mayer Israel Company at New Orleans.

### USING PUBLIC'S ROAD

Now we read of a sixty-foot motor truck capable of rolling over the public roads at thirty miles an hour, utilizing the pavement or gravel built at the expense of the public, and paying at the most a nominal license.

We are not opposed to motor buses. In fact, we realize that in the trend of events they are bound to increase their activities each year.

The railroads, as the largest taxpayers in the states, are forced to contribute either directly or indirectly to the construction and maintenance of the roadbeds for motor trucks, which not only do more to wear out these roadbeds than any other vehicles, but operate for private profit at the expense of the railroads.

As the Yazoo Sentinel has aptly expressed it: "Bond issues for good roads ought not to be the basis of profit-making for a few truck companies."

No one advocates barring trucks off the highways, but there is a well developed belief they should be regulated in size, so as not to ruin the roads in a few years, and should be taxed in proportion to the damage they inflict on the roads. We have seen several splendid gravel roads split wide open by large trucks and practically ruined. Many states regulate the operation of trucks over public roads and, in our opinion, all states do the same, in justice to the taxpayers who pay for these roads.

Bogalusa Enterprise.

That it puts a crimp in the bootlegging business in Jackson. Oh, how could you say such a thing, Bro. Sullens?

The Jackson News gravely observes: One reason why the legislature should quit taking week-end recesses from Friday until Monday is

### RAMON NAVARRO MAKES SENSATIONAL TALKING DEBUT

Sings Variety of Songs in Romance Filmed With Technicolor.

That love making is certainly aided by song is amply demonstrated by "Devil-May-Care," the new Ramon Navarro Metro-Goldwyn-Mayer picture at the A. & G. Theater, Sunday and Monday. Always known as a "great lover," Navarro exceeds himself in this production, with the aid and help of several very romantic musical numbers. These include "Charming" and "The Shepherd's Serenade."

From the story side, "Devil-May-Care" is strong and consistent. It was adapted by Richard Schayer, Zella Sears and Hans Kraly from a French play called "The Battle of the Ladies."

It is a plot particularly suited to Navarro's talents, his good looks, and his physical agility.

Added, however, to these assets, is the additional one that it is the star's first talking and singing picture. He handles the dialogue very gracefully. A slight accent makes his characterization of the devil-may-care Armand all the more vivid. His singing voice, however, is the real revelation.

The film star knows his vocal onions, to use a colloquial expression.

### BILOXI BOYS AND GIRLS TEAMS WIN

Exciting Basket Ball Games Feature Coast Regional Tournament—St. Joseph Girls Reach Finals, but Lose to Biloxi.

(Wm. D. Hays, Jr.)

Both Biloxi High School basketball teams retained their championships of the Gulf Coast Region in the tournament held at St. Stanislaus College gymnasium last Thursday, Friday and Saturday. St. Joseph's Academy was the most successful local team in the tournament, reaching the finals after defeating Dedeaux, Long Beach and Bay High, and holding Biloxi to a two-point victory in the championship game. The Bay High girls reached the semi-finals by eliminating Moss Point and Orange Grove, but fell before St. Joseph's, 28 to 32.

The Bay High Tigers ran over DeLisle, 25 to 9, before losing to Home Vocational, 20 to 24, in their second round game. The score of all games follow:

**FIRST ROUND:** Orange Grove 29; Escatawpa 18. Woolmarket 14; Steep Hollow 22. Kiln 19; Dedeaux 11.

**BILOXI 69; Fernwood 10.** Sellers 30; Mississippi City 22. Biloxi 34; Martin 16.

**Magnolia 36; St. Martin 16.** Gulfport 34; Lyman 23. Poplarville 22; Moss Point 16. Bay High 25; DeLisle 9.

**Home Vocational 42; Long Beach 26.** Girls: Gulfport 43; Escatawpa 13. Biloxi 40; St. Martin 3.

**Woolmarket 39; Kiln 22.** Long Beach 18; Ocean Springs 16. St. Joseph's 39; Dedeaux 32. Bay High 25; Moss Point 8.

**SECOND ROUND:** Orange Grove 21; Steep Hollow 19. Biloxi 30; Kiln 17.

**Magnolia 23; Sellers 14.** Gulfport 37; Poplarville 24. Home Vocational 24; Bay High 20.

**Girls:** Biloxi 26; Woolmarket 10. Bay High 34; Orange Grove 8.

**THIRD ROUND:** Boys: Biloxi 22; Magnolia 20. Gulfport 31; Home Vocational 24.

**Girls:** Biloxi 32; Gulfport 15. St. Joseph's 32; Bay High 28.

**CHAMPIONSHIP:** Boys—Biloxi. Girls—Biloxi 29; St. Joseph's 27.

### THE VALUE OF PUBLICITY.

There is nothing so deadly to corruption and mismanagement in governmental affairs as publicity.

Chicago's financial incompetence back to favoritism and incompetence. For many years the assessments were kept secret; and so, though they were amazingly unequal and unjust, no one knew it, and those who were fleeced never protested.

A couple of years ago, however, the State Tax Commission ordered the assessment published. And then the trouble came. Chicago citizens rose in wrath, and while the present period of bankruptcy is mighty unpleasant it will end in a much fairer, more efficient assessment and Chicago will be much better off.

Shady political exploits are always pulled off in the dark. If the light of publicity is kept shining all the time graft and incompetence can't get very far.—New Orleans States.

### SELECTS BANK AND NEWSPAPER

City Depository and Publication Agency Chosen for Two Years by Commissioners.

The Merchants Bank and Trust Company of Bay St. Louis was made depository for the city funds of Bay St. Louis for a period of two years, and the Sea Coast Echo of Bay St. Louis was awarded the contract for the publishing of minutes for two years, these contracts being awarded Monday at the regular bi-monthly meeting of the city commissioners of Bay St. Louis. Bids had been advertised for the depository and publication agency last month and were opened at this meeting.

A resolution was passed by the board refunding the sum of \$193.29 paid by tax payers damages in accordance with House Bill 194 of the 1930 session.

An ordinance raising the license for delivery wagons from \$3.75 to \$5.00 was passed.

### LORCH IS SPEAKER TO ROTARY

Past President N. O. Club Delivers Address Before Inter-City Meet Wednesday.

An interesting inter-city meet of the Bay St. Louis Rotary Club was held Wednesday at the Hotel Weston with the membership of the Pass Christian club, returning a recent like compliment to the Pass Rotas.

Both clubs had an almost one hundred per cent meet and the event was a memorable one. Officers of both clubs were present and a number of prominent guests added to the event.

Adam Lorch, Jr., past president of the New Orleans club was guest of honor of the Bay club and delivered the address for the occasion, dividing his discourse into two sections. First, as to Rotary, using the motto "He Who Serves Best Profits Most," and later turning from the sublime to a humorous vein.

He told two outstanding anecdotes in dialect and in that inimitable way as only he can do. It was quite a treat and he was given unstinted applause. Mr. Lorch was seemingly at his best and the hope was expressed that he would return as a distant date.

C. C. McDonald, president, presided, and had seated with him Father Wm. J. Leech, president of the Pass Club, who delivered the closing remarks.

**HYPOLITE A. PERRE, WELL-KNOWN CITIZEN, PASSED AWAY TUESDAY**

Funeral Took Place Following Day—Many Mourners Follow Remains To Cedar Rest Cemetery.

Though in failing health for some weeks, the death of Hypolite Perre on Tuesday was a shock to his family and friends who did not consider his condition such that the end was imminent.

Mr. Perre was a native of Bay St. Louis and was in his 78th year. He spent his entire life in Bay St. Louis and at his father's death many years ago took over his bakery business which he successfully operated until selling same to his brother some years ago.

No man ever lived in this city who was better known or more highly respected than Mr. Perre. He was a kind-hearted and generous man and found his greatest pleasure in aiding and assisting those in need or trouble of any kind. He had a word of cheer, comfort or wholesome counsel for everyone with whom he came in contact, and his passing on has brought sincere sorrow and regret to everyone who knew him.

He is survived by five sons and three daughters, viz: Messrs. August, Julian, Maurice, Anthony, Eug. Perre, and Mesdames Frank A. Quintini, Chas. A. Banderet and George Perre, all of whom are residents of Bay St. Louis. One brother, Mrs. Elmie Perre, and two sisters, Mrs. Elsie Grandmont of New Orleans also are left to mourn the loss of this good man and splendid citizen.

The funeral was held from the late residence of the deceased at 138 Main street, Wednesday afternoon, Rev. Father McAlpine officiating, with interment in the family tomb at Cedar Rest cemetery.

The Echo extends sympathy to the bereaved family and members of the bereaved family and to the host of friends now grieving over the departure of this truly good and worthy man.

## The Sea Coast Echo

ECHO BLDG.  
Thirty-Ninth Year of Publication

Member State Press Association.  
Entered as Second-Class Matter at the Postoffice, at  
Bay St. Louis, Miss., under Act of March 3, 1879.

Col. R. E. Dalton, oil stock promoter, indicted on charges of embezzlement in Harrison county, will not be tried until the next term of court. There are similar charges against him in Louisiana. It is reported that he succeeded in getting a number of coast people to invest a large amount of money in the Joan Development Company, of which he is the head.

There are several millions of men out of employment in this the richest country in all the world,—just as has been the case at other times in the past, but we doubt very much that any good can come by hoisting the red flag of Communism and parading by thousands of men and women,—such as was witnessed in New York City and Los Angeles last week.

The American Anti-Alcohol Society is going to have Zaro Agba, 157 years old and the longevity champion of Tukey, who says he has never taken a drink of any sort of intoxicating liquor, make a tour of this country. Now it is in order for the Anti-Prohibition Society to find some old soak about the same age who has swilled "red licker" all his life and exhibit him.

President Atterbury of the Pennsylvania railroad, believes that national prohibition is a failure, asserting that it has not helped the railroads and has not affected men's discipline, and lists as evils for which it is responsible are "official corruption and youth's revolt." Other equally prominent men as General Atterbury hold views just to the contrary, so what are we to believe?

Because his wife belonged to the Holiness church and he was a Methodist, Tilman E. Davis, an Andalusia, Ala., man, gave her a dose of strychnine to get rid of her and he is now behind prison bars awaiting trial on a charge of murder. When the hangman's rope tightens about his neck Tilman will probably realize that differences over religious belief could have been settled in a better way than the method he chose.

### FOOL LEGISLATION

The Echo is in wholehearted sympathy with any effort that may be put forth to curtail or reduce the over-production of cotton, but it does not believe that it can be accomplished by the enactment of the Roberts bill which was passed by the State senate last week, therefore we are in full agreement with Senator Barlow, who, in discussing the measure, said:

"This is the biggest piece of fool legislation we have ever tried to cram down the throats of the Mississippi farmer." No legislature has a right to tell a farmer what he can raise.

The bill provides penalties for the cotton planters who violate any of its provisions and it becomes operative when ratified by other cotton growing states producing in the aggregate "by the report of the federal census bureau a total of not less than 10,000,000 bales, by the census of 1929, have adopted a similar law." If it is not to become operative until ratified as proposed there is small chance that there will be any reduction in production of the fleecy staple.

### TO FIGHT CRIME.

In Chicago a committee of twelve prominent business men has been formed and furnished with \$1,000,000 to fight crime in that city.

The committee will employ prosecutors, investigators, secret agents, and anybody else necessary to secure adequate protection for property in the Windy City.

The necessity of such an action is a reflection upon the government of that city. While conditions are worse in Chicago than anywhere else we know about, still such a sore is a grave indication that our government agencies are falling down.

Various states have recently overhauled and reorganized their systems of government in an effort to achieve economy and efficiency of operation. Does our political system need a thorough repair to meet new conditions and accomplish new tasks?

### BACK TO THE FARM.

"Back to the farm" would go a long way toward solving the problem of what to do with the unemployed labor of this country. High wages to be made in the cities immediately following the World War was an inducement which made millions of men quit the farms and move to the cities. As long as there is need of workers in the factories and other industries all was well, but when supply exceeded demand for the output of the industries and orders dwindled forces were cut to the minimum—hence the present army of unemployed workers. Capital is not to blame, however loud the more rabid and dissatisfied among the unemployed workers may assert that the moneyed interests of the country are responsible for present conditions.

### ENCOURAGING CRIMINALS.

The tax on the production of pistols and revolvers is said indicate that three times as many weapons were sold in 1929 as in previous years. How long the people of this country will permit indiscriminate and practically unrestricted sale of deadly weapons is a question that can be answered when they make up their minds to do something about the crime wave.

## INVESTIGATION BY THE LEGISLATURE.

At no time since our State government began functioning has the legislature been called upon to spend so much time in investigation of alleged wrong doing on the part of high officials. Corruption has been charged—and in several instances proven—against men who were believed proof against the temptation to betray the trust committed to their keeping by the voters of the State. Several committees are still at work investigating offices and matters of great and State-wide concern and interest and the people are patiently awaiting the outcome of such committees' labors. While The Echo does not place much credence in all the rumors floating around it, would not in the least be surprised that before many more days things are going to "pop off" with such sensational revelations that what has already developed by the investigators will be mild indeed.

### LET US HOPE SO.

In a recent interview Hon. E. C. Barlow, who represents Lincoln and Lawrence counties in the State senate, is quoted as saying:

"I sincerely trust and believe that legislation will be enacted at this regular session which will be beneficial to the state and people, including a progressive road program and the chinking of all the leaks in the treasury and the punishing of those who have been guilty of official wrong doing, no matter to what faction they belong."

Every Mississippian who really has the interest of the State at heart are hoping and praying that Senator Barlow is not mistaken, but judging from what has been accomplished in the way of constructive legislation so far during the present session we are very much afraid there is little ground upon which to base any hope of the lawmakers getting together and doing anything that will help the State. We may be wrong, and we hope we are.

### WHAT DOES 1930 MEAN TO YOU?

Along about the latter part of the month of December, as we recall, we gave out a little advice, as editors are prone to do, upon the general subject of savings.

It is not what a man earns in life that makes him independent financially, but what he saves. The present year of 1930 will be a good year for you in proportion that its end finds you better fixed to withstand the vicissitudes of life. It doesn't make any difference how much big money you get if you throw it away foolishly.

Of course, we are speaking of financial matters only. So far, one-sixth of the year has passed. How do you stand? What has 1930 meant thus far? Will the other part of the year show any improvement? You are the only person in the world who can answer the questions for yourself, and it is entirely in your control.

### WE STILL NEED THEM

The greatest work a man or woman can do for the upbuilding of his or her country is to properly raise the family of children which may have come in life. No agency can replace a good home life, and already our nation is feeling the effects of divorce and other enemies of family life. As Senator Arthur Capper, of Kansas, well said, recently:

"The greatest social problem ahead of us is to adjust our industrial, political and home life so we will continue to have home makers. I cannot visualize the schools, the playgrounds, the libraries, the 4-H clubs, the Boy Scouts and the Girl Scouts, and similar worthwhile things that have come into our life, as replacing the mother who also is a home maker."

"The home maker is entitled to recognition and honor, and an economic status equal—I think 'superior' would be better than equal—to the status of any man or woman in our national life."

### FOOLS STILL LIVE.

During the recent weeks numerous threats have been made against the lives of high public officials, including the president, vice president, members of the senate and other prominent men. Of course some such threats have come from mentally irresponsible, but in the majority of instances they are made by dangerous foreigners of radical tendencies. Every precaution should be taken to safeguard and protect the lives of public officials, and whenever they are made the targets of assassins, be they mentally unbalanced crooks or anarchists, short work should be made in putting them away where they can do no further harm. Three presidents,—Lincoln, Garfield and McKinley—have been assassinated, and Roosevelt narrowly escaped death, at the hands of blood thirsty men, and surely this country does not want to suffer the loss of another president or any other high official by such means.

### BILBO SAYS BUY SHIP ISLAND.

Governor Bilbo in a special message to the legislature a few days ago strongly recommended the purchase of Ship Island from the United States war department by the State, declaring that the property could be bought now for \$18,000 and would be worth millions when the Mississippi seacoast came into its own. The Echo thinks the governor's recommendation should receive favorable consideration at the hands of the lawmakers.

### ENEMIES OF REFORESTATION.

The razorback hog has been declared to be almost as destructive in the scheme of reforestation as the fellow who sets fire to the woods. Both must be gotten rid of,—the first killed and the second jailed.

So far there are eight candidates who have announced for governor of Alabama, and it is reported there are several others who are seriously considering getting into the race. It does look like one good and capable man should be selected out of that number of candidates.

## CHANCELLOR D. M. RUSSELL.

When a public official conscientiously and efficiently discharges his sworn duty without fear or favor he merits the approval and commendation of the people he is chosen to serve. Such an official the Hon. D. M. Russell, judge of this chancery court district has proven himself to be, and it is mighty gratifying that he has consented to stand as a candidate for re-election.

As the Pass Christian Tarpon very aptly remarks in its issue of last Saturday:

"In entering upon this honorable position Judge Russell was handicapped to some extent by the unsurpassed record of his predecessor, Chancellor V. A. Griffith, and to fill a position so highly elevated by Judge Griffith was a task that few men reasonably hope to accomplish. But our district was fortunate in having Chancellor Russell take the place as he has proven a worthy successor, as so fittingly expressed in the resolutions adopted Saturday, which read: 'Judge Russell has endeared himself to all the members of this bar, has discharged the duties of that eminent position in a manner entirely satisfactory to the public and in a way that reflects high credit and honor upon himself.'"

"Be it therefore resolved by the Bar Association of Harrison county, assembled at Gulfport, on this the 22nd day of February, 1930, that we do hereby endorse the record of Honorable D. M. Russell as chancellor of this district and bear testimony to the ability he has displayed in the discharge of his duties, and we do hereby request that he consent to serve another term as chancellor upon the expiration of his present term."

### ACROSS THE PEARL.

If figures presented by The Meridian Star are accurate, general conditions in Mississippi are better than the average, despite the activity and inactivity of the Legislature, the beginning of a political campaign 18 months before election day, and the distraction of the \$80,000 chase. The Star says that Mississippi stands seventh among the states this month in relative prosperity, that bank debts are 44 percent above last year's average, and that crop prospects are "encouraging."

That's a brighter side of the picture. Most of us, reading the news coming out of Mississippi, would think that that state is in a bad way. But most of the news comes out of Jackson. Jackson, after all, is but one city. Regardless of what the Legislature does or doesn't do, Mississippi farmers have had some fine weather of late for putting in spring crops, and they made the most of it. It may be costly to the state when the Legislature does nothing. But disaster would come promptly if the farmers stopped working.—New Orleans Item-Tribune.

### TAKE IT FROM THE ECHO.

Some folks have been of the opinion that Sen. Pat Harrison would have an opponent when the time arrived for him to announce for reelection. Take it from The Echo, there is not a man in the State who would have the temerity to oppose him. Pat is the idol of every Mississippi Democrat, and as the days go by his power and influence in the senate is felt and recognized by every one who keeps themselves informed about what goes on in national affairs. He is just in his prime and he will represent Mississippi in the senate just as long as he cares to hold the job.

### Corruption in Atlanta.

A grand jury has returned indictments against sixteen members of the city council of Atlanta, Georgia, in which the charges run the gamut of bribery, larceny, defrauding the city and perjury. The grand jury was occupied for four months in its investigation after rumors of wholesale graft and corruption in municipal circles had been floating about the city for a considerable time. If the whole gang is convicted and given stiff prison sentences it will go a long way toward insuring an honest administration of governmental affairs in the Georgia City for years to come.

### KILL THE SALES BILL.

The proposed sales tax measure has not yet gotten by in the legislature and it is in order for the business men of the State to get busy and use their best efforts to prevent its passage. The Vicksburg Post gives this bit of advice to them:

"If you don't want to be hounded to death with a bunch of low, pestiferous snoopers, everlastingly coming into your establishment and disrupting your business, prying into your personal affairs, you had better bring every possible pressure to bear to have that proposed sales tax killed in the legislature."

### A BELOVED AMERICAN.

The prayers and hope of all his countrymen are united for the recovery of that greatly loved and unusually respected American, the Honorable William Howard Taft, whose life has almost been disappeared of some days past. As president of our great Republic, as chief justice of the United States supreme court, as governor general of the Philippine Islands, and in numerous other high positions of honor and trust he was ever the same true and loyal character and discharged every duty incumbent upon him with honor to his country and credit to himself.

## EDITORIAL NOTE AND COMMENT

The Prince of Wales, who has been in South Africa hunting big game for some time, has contracted fever, but so far his condition is not such as to cause any undue alarm in British court circles.

A Buffalo man says he has worn the same pair of shoes for the last thirty years. Unless he walks on his hands, this chap must have worn out a lot of easy chairs.—Jackson Daily News.

Dr. Joseph Colt Bloodgood, of Johns Hopkins Hospital of Baltimore, in an address a few days ago voiced the prediction that "control of cancer may be in sight," basing the same on progress made in treatment of that disease during the past year.

One William T. Kemper, Democratic national committeeman from Missouri, was appointed receiver of a railroad in that State some time ago and he feathered his nest to the extent of \$6,000,000 at the expense of the security holders whose interest he was supposed to represent. We are not informed whether he appropriated all the cross-ties, rails, rolling stock, etc., or not.

The large freight carrying trucks and auto buses that crowd and crack our public roads appear to be in the same class that Henderson places the chain stores in—they get all the roads and bridges without cost, while the railroads are placed in the old home merchants' class, who pay the taxes that built the trade that the chain fellows grab.—Pass Christian Tarpon.

Federal court at Biloxi stood adjourned Saturday after disposing of the heaviest docket ever tried at any term of that tribunal, most of which were for violations of the prohibition laws. A special coach was required for the transportation of the prisoners sent to the Atlanta prison; a majority of whom were sentenced to terms ranging from one to five years.

It will be remembered that James E. Ferguson was impeached and removed as governor of Texas a few years ago, and now he has the monumental nerve to again announce his candidacy for the same job. It is hardly possible that the Democrats of the Lone Star State will give him the nomination. If so there must be a sad lack of gubernatorial material in that commonwealth.

The Sharkey-Scott boxing match down at Miami, Florida, was not a very interesting affair from the viewpoint of the 25,000 spectators as the "Boston Gob" finished his English opponent before the fight had gone three rounds.

We see it stated in the public prints that crime is costing this country \$500,000,000 a year. Yes, that amount and much more in dollars and cents,—and think of all the other loss that results in the way of pain, suffering and tears which inevitably follow in the wake of every criminal act.

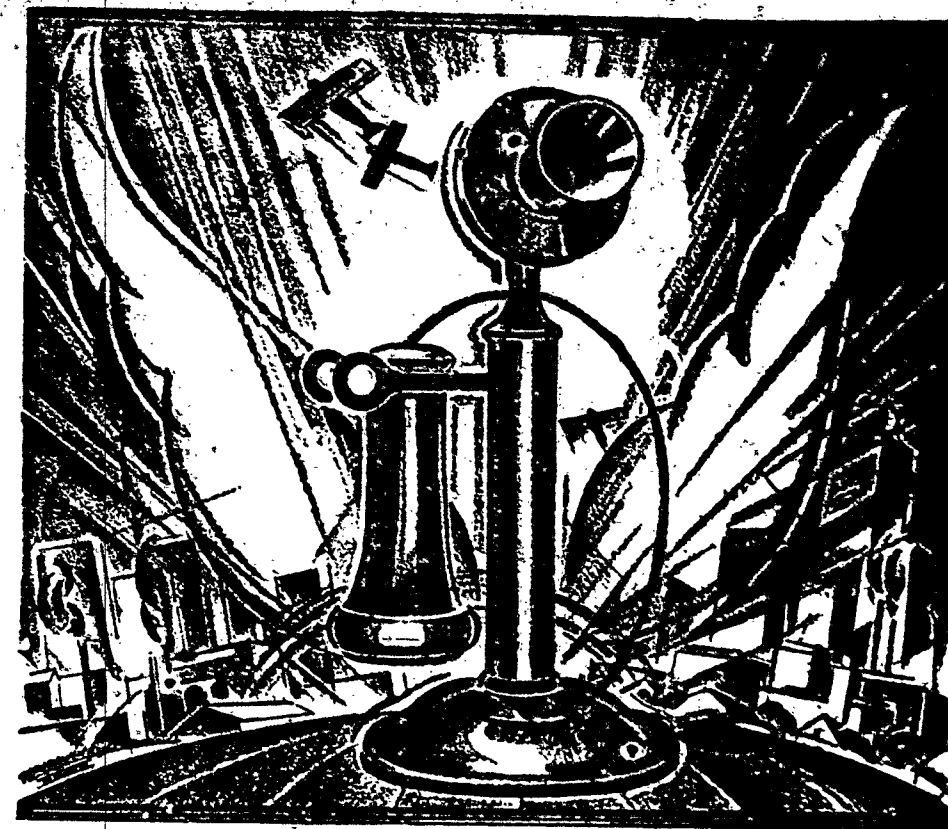

Judge White in his charge to the grand jury of Harrison county last week urged a strict enforcement of the game and fish laws and also the law against setting fire to the woods. His remarks along these lines met with approval of every forward-looking citizen but all owners of wooded lands and sportsmen, both hunters and fishermen.

Jackson and the whole State of Mississippi suffered a great loss when Mr. W. M. Buie passed away last week. He was a public spirited citizen and a staunch advocate of every movement which tended to advance the moral as well as the material advancement of the State. The death of such a man is felt and regretted not alone by his kindred, business and personal acquaintances but by all who have only hearsay knowledge of his life character and worth.

A young couple up in Pennsylvania recently decided that they wanted to be husband and wife, so they "married themselves" by shaking hands in the presence of witnesses and saying, "We consider ourselves married." While society may not approve of such procedure the couple saved all the expense which weddings entail, but it is hardly possible that such marriages will become popular either in Pennsylvania or elsewhere in this country where the union of husband and wife is looked upon as a sacred thing.

### GOVERNOR BILBO HAS ANOTHER PROBLEM.

Two members of the present State tax commission, F. R. Birdsell and G. R. Hightower, whose terms are shortly to expire neither of whom have any chance for re-appointment, will give Governor Bilbo an opportunity to reward a couple of his friends by naming them for the vacancies. "We consider ourselves married," they are entitled to the jobs, and Theodore is right up against a problem in the matter of making a choice as he is sure to make himself a bunch of enemies out of those who are passed up. Well that is a part in the game and we are pretty sure the governor is aware of that fact.

## Fifty Years of Service « One Million Telephones

THE YEAR 1929 marked the fiftieth anniversary of the Southern Bell Telephone and Telegraph Company and witnessed the installation of the one millionth telephone in the Southeastern states.

More than \$32,168,000 was required last year to expand and improve the Southern Bell system and 42,000 new telephones were added. The total investment in service reached the enormous sum of \$216,395,785.

To build, manage and operate this great telephone system required an army of skilled men and women whose annual payroll amounted to more than \$28,256,527.

There was a noticeable improvement in both local and long distance service which is now better than ever before.

Coupled with the material growth was the continued friendly interest and confidence of the public and a spirit of cooperation which encourage the entire telephone personnel in their effort to furnish the most efficient service at the lowest possible cost to the user.

JOHN C. HAY, Mississippi Manager

## If It Can Be Sold—I Can Sell It

AWAKE TO YOUR OPPORTUNITY: The grading will soon be started on de Montuzin Avenue.

And there never was a time when the local people had such an opportunity to profit by a development, this is the heart of Bay St. Louis, there is but a few lots to sell and they will sell quickly.

With this 60-foot Boulevard, with restrictions, it bids fair to be the commercial center of the town.

Buy now while prices are low and terms can be had, buy for a home, investment or speculation.

I will start my drive early to rent summer houses. Get yours in readiness and list for rent or sale with—

### DOESN'T TIME FLY?

#### LOCAL HAPPENINGS CHRONICLED IN THE SEA COAST ECHO

##### TWENTY YEARS AGO

Born: To Mr. and Mrs. Frank Quintini, a daughter, Sunday morning, April 10, 1910.

Mr. W. A. McDonald was a business visitor to New Orleans on Wednesday, accompanied by his son, Master C. C. McDonald.

Mrs. J. H. Neville, of Gulfport, and Miss Grace Lee Hart, of Meridian, were guests yesterday at the home of their brother, Mr. A. R. Hart, and Mrs. Hart in Main street.

Mrs. R. C. Engman and lovely daughters, Misses Marian and Levia, have returned from a delightful visit of several days to friends and relatives in New Orleans.

Hon. Cart Marshall has returned from a trip to Jackson, where he visited the governor in the interest of his application for county attorney. The other applicant are Hons. W. W. Stockstill and W. J. Gex.

The marriage of Hon. Emile Joseph Gex, of Bay St. Louis, and Miss Laurin Plunkett, of Jackson, Miss., was quietly celebrated at the residence of the groom's parents, Mr. and Mrs. L. M. Gex, Front Street, on Saturday evening, April 9, 1910, at 8 o'clock. The beautiful and impressive ceremony of the Catholic church was performed by Rev. Father John M. Prendergast, pastor of the church of Our Lady of the Gulf, a personal friend of the family. The groom was attended by his life-long friend, Hon. Robert L. Genin, and the bride by Miss Rita Cue, of Bay St. Louis. They have a host of friends and well-wishers, whom the Echo joins in heartfelt congratulations and best wishes for a long, happy and successful life.

Mrs. C. W. Patton and children, Albee and Gertrude, of Chicago, Ill., are visiting their cousin, Mrs. Moreau and Louise Moreau, in Carroll avenue.

Miss Gex and nieces, Misses Vivian Ducatel and Wena Gex, spent Thursday in New Orleans on a visit to Mrs. Walter J. Gex at the N. O. Sanitarium.

Messrs. Theodore L. Walters, S. P. Driver and Capt. W. A. Dill, returned Monday night to attend the annual Confederate reunion. We hope the worthy veterans have a safe and pleasant trip.

The Echo wishes to congratulate as well as compliment the young ladies of the Bay St. Louis High School who successfully passed the teachers' examinations at the court-house yesterday, thus earning their teaching certificates. The following are the successful candidates: Misses Elizabeth and Mary.

ard, Gussis Ansley and Eugenia Moran.

Invitations have been issued to the forthcoming marriage of Mr. Gus E. Templet, a young retired planter of Ascension parish, La., to Mrs. Rose Cameron, of this city, the ceremony to take place in New Orleans Thursday evening, April 28th, at the Jesuit Church. After the ceremony the couple will take a short bridal trip, after which they will make their permanent home in this city. Both parties have a host of friends in and out of Bay St. Louis who wish them well and, in advance extend congratulations.

##### TEN YEARS AGO

Mr. E. J. Arceneaux, progressive proprietor of Arceneaux's Cash Store, returned home Monday from a flying trip to his former home town, Morgan City, La.

Mr. Rene J. Toca and bride returned home Monday night from their bridal trip to Mobile and New Orleans, and are "at home" to their friends in State street.

Miss Sallie Girt, Hancock county's efficient county demonstrator, to her home in Moss Point, Miss., called by the illness of her little niece.

Miss Rita Breath and Miss Elsie Day left yesterday for Hattiesburg, where they will attend the summer normal school for teachers.

Mr. and Mrs. Pedro Boudin are receiving the congratulations of their many friends on the occasion of a recent arrival at their home in Third street. The new comer is of the gentler sex—a pretty and beautiful child.

Miss Lucille Ososnach recently returned home from Brookhaven, Miss., where she attended the past session of Whitworth College, and intends returning next session.

The candidacy of V. A. Griffith for chancery judge of this district is meeting with much favor. Press comments and general remarks over the district are very complimentary.

Mr. W. J. Harrison has returned from a business stay of several days in the Louisiana rice district.

Miss Cleo Bonadie has returned to New Orleans after a visit of several days with Bay St. Louis friends and while here visited her relatives Mrs. H. S. Lewis and at the home of Mr. and Mrs. Rene deMontuzin.

Mrs. Owen Crawford, accompanied by her daughter little Miss Elizabeth and the baby, will leave for Louisville, Ky., next week to spend three weeks or more visiting relatives. Mrs. Crawford, Sr. and Miss Louise Crawford will follow for a visit later in the month.

### CORDIAL RECEPTION TENDERED VISITING CANADIAN TRAVELERS

#### Members of Canadian Good-Will Tour Entertained Under Auspices Bay Chamber of Commerce.

One hundred and twenty-odd members of the "First Annual Goodwill Tour from Canada to the United States" disembarked from their special train at Biloxi Sunday afternoon and, after visiting that city, motored to Bay St. Louis.

The party reached here about 5 o'clock and its members were met by a gathering of representative citizens and special committees and officially greeted by Mayor Charles Traub, Sr., and followed by an address of welcome delivered by County Attorney E. J. Gex, who expressed sentiment of good will and greeting of welcome.

The reception was sponsored by the Bay St. Louis Chamber of Commerce, and Mr. Gex spoke at the invitation of that civic organization.

The visitors were first greeted by the band of St. Stanislaus College, members of which were later personally greeted and particularly thanked by General Secretary H. D. Fearman of the Tour, who at his home in Hamilton, Ontario, is industrial commissioner, and general manager of the R. Garfield Langrill, also of Hamilton, was expressive of the warmth

of the reception and hospitality of Bay St. Louis. "At no time," he said to a reporter of The Echo, "have we been received with more generous welcome and the regret is we cannot remain longer."

#### Sponsored by Three Cities.

The Canadian goodwill tour traveling from Canada to New Orleans and back by same route, is sponsored by the chamber of commerce of each city, Hamilton, St. Catharines and Niagara Falls.

Members of committees from each place and visiting Bay St. Louis were: Mayor J. Peebles, Controller D. J. McFarlane, Alderman A. Martin, Chairman, Alderman C. I. Aitchison, Alderman T. M. Wright, K. M. Pidgeon, L. R. Green, R. C. Douglas.

St. Catharines: Mayor F. C. McCordick, Arthur Robinson.

Niagara Falls: Mayor C. F. Swayze, Alderman W. L. Wilkinson.

Manager of Tour, R. Garfield Langrill, Hamilton, Canada.

General Secretary, H. D. Fearman, Industrial Commissioner, Hamilton. An outstanding feature of the reception was marked by a band of thirty-five bagpipe musicians, attired in full Scotch highland regalia. Most of these men saw service across the sea and were members of the 91st Regiment, famous throughout the conflict.

#### Liquid Refreshment Dispensed.

A temporary serving booth had been placed under the outside waiting space of the L. & N. depot from which delicious fruit punch was served by the Bay St. Louis Chamber of Commerce.

A special committee for this pleas-

ant duty was appointed, the personnel of which included Mrs. E. J. Leonard, chairman, Mrs. Owen Crawford, Mrs. J. N. Stewart, Mrs. P. V. Leconte, Miss Margaret Green.

Mrs. Leonard was assisted in serving by Mrs. Owen Crawford, Mrs. Charles J. Mitchell, Miss Margaret Green, Miss Betty Huber, Miss Jean Kalinski.

Pansies and violets, "grown in the open" were made into boutonnières and presented to each visitor, which delighted each and every one. Mrs. Chas. G. Moreau, appointed a committee of one for this pleasant task, assisted by Mrs. (Mayor) Chas. Traub, Sr., Mrs. S. J. Ladner, Mrs. Fred A. Wright, Mrs. Charles J. Mitchell, Miss Betty Huber, Mrs. J. Damborino, Miss Ida Mae Blount, Miss Jean Kalinski.

Mayor Charles Traub, Sr., President Geo. R. Rea of the Bay Chamber of Commerce, and the local press were shown special favors and courtesies on board the special train, which pulled out at 6:15 with a happy number of Canadians bound for the New Orleans Mardi Gras.

### "SKY HAWK" OFFERS THRILLING ROMANCE

With the warfare between Zeppelins and the London air defenses during the World War as its basis, "The Sky Hawk," at the A. & G. Theater, next Tuesday and Wednesday is one of the most thrilling productions on record. Much of its interest is due to its being the first all talking movie-tone romance of the world afloat. The intensely dramatic qualities of Llewellyn Hughes' sensational story published as "Chap Called Bardell," are thus strengthened.

Containing many spectacular scenes of London terrorized by the air raids, and with a gripping climax in which one of the giant airships is shot down in flames, "The Sky Hawk" ranks among the very few of its type and treats all the combatants impartially.

Another inherent and everlasting difference in the sexes is that the all important thing to a woman in a house is how it looks, and the only important thing to a man is comfort and convenience.—Hillsboro News Herald.

### CHAMBER OF COMMERCE VISITORS.

Recent visitors to the local Chamber of Commerce were as follows: Mr. and Mrs. R. U. Doolittle, Marshalltown, Iowa; Mr. Geo. Hennisch, Chicago, Ill.; Miss Edna Brandio, Montclair, N. J.; U. E. Graham, New Orleans, La.; James Slade, Laurel, Miss.; Owen Whitley, White Castle, La.; Dr. S. G. Beatty, New Orleans, La.; Mr. and Mrs. C. H. West, Covington, Ky.; H. C. Berckes, New Orleans, La.; C. G. Moore, New Orleans, La.; Miss Elizabeth N. Huber, Richmond Hill, N. Y.; J. I. Wagner, Nashville, Tenn.; M. B. Miller, Houston, Texas; Mr. and Mrs. Chas. Teetop, Morgantown, Indiana; R. H. Monroe, New York, N. Y.; Mrs. H. U. Eart, New York, N. Y.

#### W. B. A. PAGEANT.

The W. B. A. members of Bay St. Louis wish to invite the public to their Pageant which will be held at the Buena Vista Hotel on Friday, March 7th at 8 P. M. The Bay St. Louis, Gulfport, Biloxi and Meridian Reviews will participate and these members have put forth much effort and time to the success of this Pageant, which they are sure will be a success. This is a beautiful work and worthy of your presence.

Few towns pride themselves on the watering trough any more. The man who used to make "fine time" with a pair of mules is now complaining about the delay of a four-cylinder.

# ANALYZE THE ALLOWANCE ON YOUR USED CAR

*If a dealer pays you more than the true worth of the car he must make up the difference by extra charges on the new car or re-sell it to some one else at too high a price*

**P**ERMANENT value is always better than a temporary bargain in the purchase of an automobile. It pays to look ahead and consider reliability and ultimate up-keep costs, as well as comfort, safety, speed, and beauty of line and color.

Since most automobiles are bought for replacement, the value set on your used car is a factor in almost every purchase. Frequently it is given an importance beyond its true worth.

Used cars have a definite market value and you are justly entitled to an allowance based on that value. It is not fair that you receive less. It is not to your best interests to receive more.

**I**f a dealer pays you more than the true worth of the car he must either re-sell it to some one else at too high a price or make up the difference on the new car. This he cannot do unless he is allowed an excessive profit on the car or on financing, extra equipment and other charges. In either case, you pay the bill, for no way has yet been found to give something for nothing. The money must come from somewhere.

You may not get the largest used-car allowance from the Ford dealer, but that very fact should give you confidence that you are receiving full value in the new car. *Ford charges are not marked up or increased to cover a high trade-in allowance on your old car.*

Because there is no waste, extravagance or undue profit in manufacturing, distribution or selling, every dollar you pay for a Ford brings a full dollar in return. In lower first cost, in reliability and long life, in the low cost of operation, service and replacement parts, the Ford will save you much more than the seeming difference in trade allowance.

**F**URTHERMORE, at least \$75 extra value is given to you in the new Ford in the Triplex shatter-proof glass windshield, the Rustless Steel, the five steel-spoke wheels, and the four Houdaille hydraulic double-acting shock absorbers. The unusually large number of ball and roller bearings, and the extensive use of fine steel forgings instead of castings or stampings, are other features that show the extra quality built into the Ford car.

Roadster, \$435	Phaeton, \$440	Tudor Sedan, \$500	Coupe, \$500	Sport Coupe, \$530
Two-window Fordor Sedan, \$600	Three-window Fordor Sedan, \$625	Cabriolet, \$645	Town Sedan, \$670	

All prices f. o. b. Detroit.

**FORD MOTOR COMPANY**
